

We're glad to have you, and we look forward to helping you get started with your new subscription!

BrainPOP ELL is a comprehensive English language learning program that lets teachers keep track of learning. It features engaging animated movies that model conversational English while seamlessly introducing grammar concepts and vocabulary words. Based on everyday social situations, the leveled movies and associated activities build on each other, reinforcing vocabulary, grammar, pronunciation, reading comprehension, and writing skills while giving students the confidence they need to read, write, and speak English.

You can use our resources with desktops, laptops, and mobile devices. The BrainPOP ELL mobile learning app is available on all major platforms, including Android™ (Google Play™), iOS (iTunes® App Store), and Windows (Windows App Store). If you have any questions, you can contact us via email at info@brainpop.com, or toll free at 866.542.7246.
