

# Finding and Assigning a Pathway

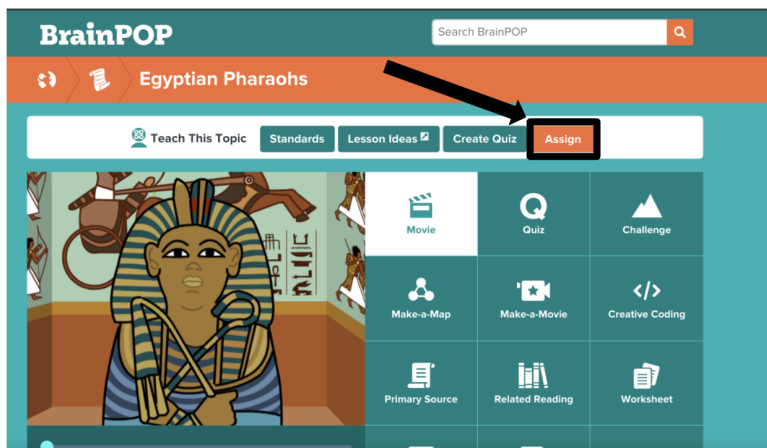

The [Blueprint Topic Summary](#) lists all the Reading Pathways topics.

To find a Reading Pathways topic on BrainPOP, you can search “Reading Pathways.”

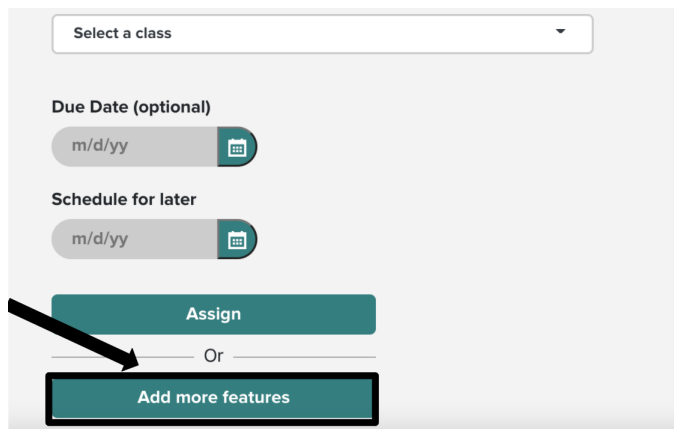

To assign a Pathway, follow these steps:

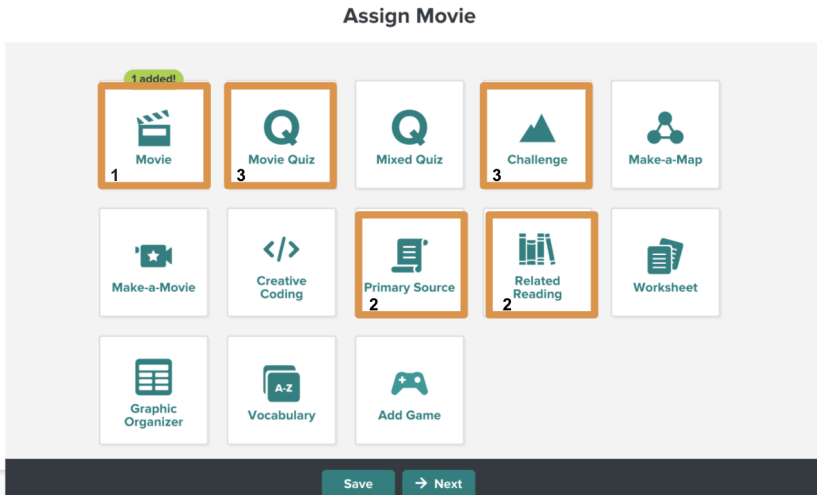

- 1) Choose the Assign button at the top of the topic page.

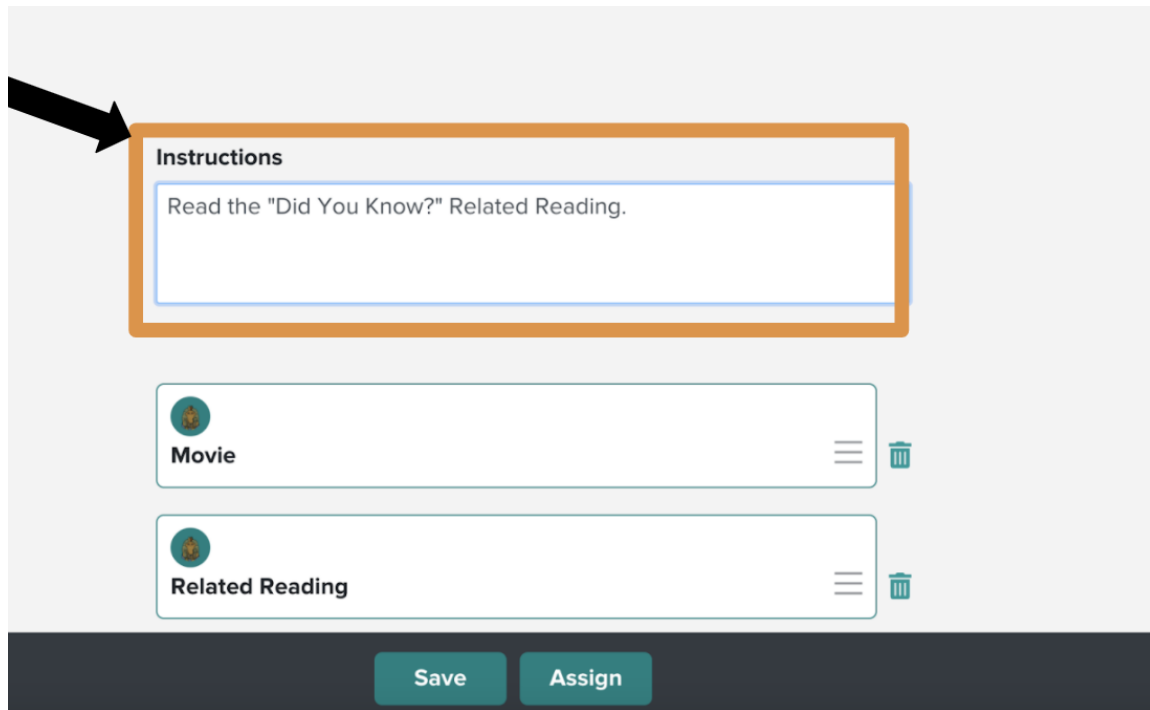

- 2) Choose your class, and click “Add more features”.

- 3) Select the activity for each step of the Pathway for your grade band.

- 4) If assigning Related Reading, add the title of the appropriately leveled article to the instructions.

- 5) Choose "Assign" - and the assignment will appear on individual students' dashboards.
